Since Vernon Nagel, Inc. became a union contractor working with the Operating Engineers Local 18, we have seen definite positive changes and growth within our company. We now bid more public jobs and have diversified the type of work that we do. We employ well-trained, skilled operators who have received the required training in regards to OSHA and safety. The hiring process for operators couldn't be easier; all we have to do is make a phone call. From an administrative point of view, health insurance and retirement benefits are now through the union, which allows the office staff more time to work on other tasks.

Overall, our experience as a union contractor has been extremely positive for our entire company and we look forward to continued growth in the future.

Scott Nagel

Vice President

Vernon Nagel, Inc.
